

## **Material Safety Data Sheet**

According to EC Directive 91/155/EEC

Date of issue: sep 2007

Supersedes edition of

### **1 – Identification of substance/preparation and of the company /undertaking**

#### **Identification of the product**

Catalogue No : PT-HCV Ab-96

Product name: HCV Anibody ELISA Kit

**Use of substance/preparation:** In vitro Diagnosis used only

**Company / undertaking identification:** Pishtaz teb Diagnostic Ltd

### **2 – Composition /information on ingredients**

**Reagents:** Kit reagents are not considered to be hazardous. They are mixture that contains less than 1 % hazardous chemical and less than 0.1 % carcinogenic chemicals.

#### **Antigen coated wells**

Polystyrene well coated with HCV recombinant antigens (CAS number N/A).

#### **Enzyme conjugate**

Anti human IgG/IgM labeled with HRP, buffer contains protein as stabilizer (CAS number N/A) sees MSDS for protein. Contain Kathon CG as preservative (CAS number 55965-84-9)

#### **Stop Solution**

1 molar hydrochloric acid solution (CAS # 7647-01-0)

#### **Wash Solution**

Phosphate Buffer salt Solution contain 0.05 % Tween 20(CAS # 900-64-5) as detergent and Kathon CG as preservative (CAS number 55965-84-9)

#### **Chromogen Substrate Solution**

Tetramethyl Benzidine (CAS # 54827-17-7) 0.05 % w/v

Hydrogen Peroxide (CAS # 7722-84-1) 0.08 % v/v

#### **Positive control**

HCV Antibody positive pooled sera in buffer contain protein as stabilizer (CAS number N/A) and 0.05% Kathon CG as preservative (CAS number # 55965-84-9).this control is negative for Anti HCV and HBsAg and inactivated by heating at 56 °C for 30 minute.

#### **Negative control**

HCV Antibody negative pooled sera in buffer contain protein as stabilizer (CAS number N/A) and 0.05% Kathon CG as preservative (CAS number # 55965-84-9). this control is negative for Anti HCV and HBsAg and inactivated by heating at 56 °C for 30 minute.

#### **Sample diluent**

Phosphate buffer solution with protein as stabilizer and Kathon CG as preservative

#### **Conjugate diluent**

Phosphate buffer solution with protein as stabilizer and Kathon CG as preservative

### **3 – Hazards identification**

#### **HMIS Rating:**

Health: 0 Flammability: 0 Reactivity: 0

#### **NFPA Rating:**

Health: 0 Flammability: 0 Reactivity: 0

**Routes of entry:** Avoid ingestion and inhalation; avoid contact with skin, eyes.  
**Potential Acute Health Effects:** May cause skin, eye, or lung irritation.  
**Carcinogenic Effects Data:** Not available  
**Chronic Effects of Overexposure:** Not available  
**Solubility in Water:** Liquids readily miscible in water

## Material Safety Data Sheet

According to EC Directive 91/155/EEC

Catalogue No : PT-HCV Ab-96

Product name: HCV Antibody ELISA Kit

### 4 – First aid measures

Remove contaminated clothing and wash before reuse.

**Skin:** In case of contact, immediately wash skin with soap and copious amounts of water.

**Eyes:** In case of contact, immediately flush eyes with copious of water for at least 15 minutes.

**Inhalation:** If inhaled, remove to fresh air

**Swallowing:** If swallowed, wash out mouth with water provided person is conscious .call a physician.

### 5 – Fire – fighting measures

**Flammability:** May be combustible at high temperature

**Flash point:** Not available

**Extinguishing media:** use dry chemical

**Special fire fighting procedures:** Wear self contained breathing apparatus and protective clothing.

**Unusual fire and explosion hazards:** None known

### 6 – Accidental release measures

Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete.

### 7 – Handling and storage

No further requirement

Tightly closed. Below + 8 °C

### 8 – Exposure control / personal protection

Wear chemical resistant gloves, safety, other protective clothing

Safety shower, eye bath

Mechanical exhaust required

Do not breathe dust

Avoid contact with eyes, skin and clothing

Avoid prolonged or repeated exposures

Wash thoroughly after handling

Keep tightly closed

Store all components dry

---

# Material Safety Data Sheet

According to EC Directive 91/155/EEC

Catalogue No : PT-HCV Ab-96

Product name: HCV Antibody ELISA Kit

## 9 – Physical and chemical properties

### Antibody coated microwells

**Physical state and appearance:** solid (microwells)

### Enzyme conjugate, control serum

**Physical state:** solution

**Appearance:** Enzyme conjugate (clear), Negative control (yellow), Positive control (red) Sample diluent (red), Conjugate diluent( green)

### 20x Wash buffer, Stop solution, Chromogen substrate

**Physical state and appearance:** Clear solutions

## 10 – Stability and reactivity

**Stability and Reactivity:** The product is stable

**Conditions to avoid:** not available

**Material to avoid:** not available

**Hazardous Decomposition Product:** not available

## 11 – Toxicological information

Toxicological data (Toxicity to animal and chronic effects on human) for the reagent mixture are not available and have not yet been thoroughly investigated. May cause slight irritation in case of eye contact or inhalation.

## 12 – Ecologic information

Water pollution hazard rating: 1

## 13 – Disposal consideration

Waste must be disposed of in accordance with federal, state and local environmental control.

## 14 – Transport information

Is not affected by the current rules for transport of hazardous goods  
(GGVS/ADR, GGVE/RID, IMDG, IATA/ICAO)

---

## **Material Safety Data Sheet**

**According to EC Directive 91/155/EEC**

Catalogue No : PT-HCV Ab-96

Product name: HCV Antibody ELISA Kit

### **15 – Regulatory information**

European information:

S 1 / 2 keep under lock, out of reach of children

S 28 after contact with skin wash immediately with plenty of water

S 36 Wear suitable protective clothing

S 26 In case of contact with eyes rinse immediately with plenty of water and medical advice.

R 36/38 irritating to eyes and skin

### **16 – Other information**

The above mentioned information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Pishtaz Teb Diagnosis shall not be held liable for any damage resulting from handling or contact with above product.
